VALUE OF MONEY

1.

What is one thing you want to buy?
How much does it cost?

2.

What is your saving goal?
Where will you save your money?

3.

Why is it important to save money?

FINAL THINGS TO REMEMBER:

1. Think about your wants and needs. You can buy things that you want, but make sure you have everything you need first.
2. Try to save a little portion of the money that you earn.
3. Save your money in a safe place that you can easily find.

You have now learned a little about the value of money.
These are the first steps towards learning to manage your money wisely!

Thank you for coming!
